

Francisco Sagasti: Biographical Note

(October 2023)

Dr. Francisco Sagasti is senior affiliated researcher at the Instituto de Estudios Peruanos (IEP) and professor at the Graduate School of the Universidad del Pacífico in Lima, Peru. He has been President of the Republic of Peru, and member of the Peruvian Congress, where he headed the parliamentary caucus of his party and chaired the Science, Technology, and Innovation Committee.

Dr. Sagasti has been a fellow at the Woodrow Wilson Center for International Scholars; professor strategic planning at management at the Pacífico Business School; senior researcher emeritus and former Executive Director of FORO Nacional Internacional, an independent think-tank; and has been advisor to private corporations, international organizations, foundations, and public sector agencies on strategy issues. Dr. Sagasti has been chairman of the Board of the Science and Technology Program at the Prime Minister's Office in Peru; member of the Board of Governors of the Canadian International Development Research Centre (IDRC), of the International Advisory Board of the Lemelson Foundation, of the International Institute for Environment and Development (IIED), and of the Advisory Board of the United Nations University; Director of the Agenda: PERÚ program at FORO Nacional Internacional; Chief of Strategic Planning and Senior Advisor at the World Bank; chairman of the United Nations Advisory Committee on Science and Technology for Development; Senior Advisor at the Department of Scientific Affairs of the Organization of American States and the Andean Pact; Silberberg visiting professor at the Wharton School of Finance, University of Pennsylvania, visiting professor at the University for Peace in Costa Rica and at the Instituto de Empresa in Madrid; and associate researcher at the Institute of Development Studies, University of Sussex. He is a member of the "Club de Madrid" that gathers a hundred former democratic Heads of State and Prime Ministers.

He holds engineering degrees from the National Engineering University in Lima, Peru, an MSc in industrial engineering from Penn State University, and a Ph.D. in operations research and social systems sciences from the University of Pennsylvania. He has been visiting lecturer at universities in various regions of the world, delivered keynote speeches at scores of academic events, and holds an honorary doctorate from the Universidad Continental in Lima.

In Peru Dr. Sagasti has been founder and executive director of GRADE and FORO Nacional Internacional, two policy-oriented think-tanks; advisor to the ministers of Foreign Affairs, Education, Industry, and the Prime Minister; advisor to the Chief of the National Planning Institute, member of the board of the National Council for Science and Technology, and member of the board of the Industrial Technology and Standards Institute; has taught at the Universidad del Pacífico, the Pontificia Universidad Católica del Perú and ESAN business school; and has been consultant to numerous private, public and international civil society organizations.

In 2017 Dr. Sagasti received the Robert K. Merton Award of the International Sociological Association for his academic and professional achievements in the field of social studies of science and technology, and previously received the Paul Hoffman Award created in memory of the Administrator of the Marshall Plan and first Executive Director of the United Nations Development Programme.

Dr. Sagasti's latest three books will appear during the second half of 2023. They cover his experience as President of the Republic (*Gobernar en los tiempos de crisis*), which has an English version under preparation; his early work on computer choreography and the subsequent evolution of the field (*Tecnología de la información y creación artística*); and his contributions to systems and management sciences (a selection and translation of his articles and essays published in English between 1970 and 2019 that will be published under the title *Ciencias de sistemas y de gestión*).

He has published more than 25 books including: *Gobernar en tiempos de crisis: política e ideas en el Gobierno de Transición y Emergencia, Peru 2020-2021* (with Lucía Málaga and Giacomo Ugarelli), Lima Planeta Editores, 2023; *Discursos del Bicentenario*, Lima, Planeta Editores, 2022; *Imaginemos un Perú mejor ... y hagámoslo realidad*, Lima, Planeta Editores, 2021; *Un desafío persistente: políticas de ciencia, tecnología e innovación en el Perú del siglo 21* (with Lucía Málaga), Lima/Mexico, Fondo de Cultura Económica, 2017; *Looking back to move forward: a 40 year retrospective of the STPI project*, Lima, FORO Nacional Internacional, 2015; *Ciencia, Tecnología, Innovación: Políticas para América Latina*, Lima/Mexico, Fondo de Cultura Económica, 2011 (2013); *Power, Purse and Numbers: A Diagnostic Study of the UN Budget and Finance Process and Structure* (with Ursula Casabonne and Fernando Prada), Stockholm, The Four Nations Initiative, October 2007; *The Future of Development Financing: Challenges and Strategic Choices* (with K. Bezanson and F. Prada), London, Palgrave Macmillan, 2005; *Knowledge and Innovation for Development: The Sisyphus Challenge of the 21st Century*, Cheltenham, Edward Elgar, 2004; *Financing and Providing Global Public Goods: Expectations and Prospects and A Foresight and Policy Study of the Multilateral Development Banks* (with K. Bezanson), Stockholm, Ministry for Foreign Affairs, 2001; *Democracy and Good Government* (with Pepi Patrón, Max Hernández and Nicolás Lynch), third edition, Lima, Editorial APOYO/Agenda: PERÚ, 2001; *Development Cooperation in a Fractured global Order* (with G. Alcalde), Ottawa, IDRC, 1999; He coordinated the publication of *Development Strategies for the 21st Century: the case of Peru*, Lima, Peru Report, 2001 (2014); and edited (with Céline Sachs and Jean-Jacques Salomon) *The Uncertain Quest: Science, Technology and Development*, Tokyo, United Nations University Press, 1994, with translations into Spanish and French.

He is also the author of more than 200 academic articles, working papers and book chapters (complete list of publications available on request); contributes to newspapers and magazines in Lima, Peru, has been member of the Editorial Boards of *Foresight*, *World Development*, *Technological Forecasting and Social Change* and *El Trimestre Económico*. He has also directed *Abriendo Caminos*, a nine-part TV series on social and economic change in Peru. For additional information please see: www.franciscosagasti.com
